I know you wanna take my hand (yeah)
I know you wanna take my hand (yeah)
Don't hesitate just make a plan (oh)
You're about to fall in love right where you stand (ooh)
And it's ok, 'cause I'm tempted too
I never met you but here, let me introduce
I wanna get to know ya
Wanna get closer
Making my way, you're making your way

But all I could say right now
Is I'm feeling "uh uh ok (x2)"
The note that you wrote down on my heart
Got me feeling "uh uh ok (x2)"

It don't feel low to me
I know you see, I'm losing me
Why can't you see
Focus jarred, I can't go far
Unless you were chillin with me
If we were alone, left alone
If we were alone, if we were alone (yeah)

The time we spent together
Can't compare to anything I could think of
To last this long, I'm strong
Focused on what I deserve
It's good you were placed upon this earth

But all I could say right now
Is I'm feeling "uh uh ok (x2)"
The note that you wrote down on my heart
Got me feeling "uh uh ok (x2)"

It don't feel low to me
I know you see, I'm losing me
Why can't you see
Focus jarred, I can't go far
Unless you were chillin with me
If we were alone, left alone
If we were alone, if we were alone (yeah)

One, two, three, what do you mean to me
If I stop then that means I won't go no more
And if I close that door, then where do I go now
(You're on the other side, I'm fighting for my life)
That won't happen to me, to us, we need to trust
To see just what we should know, together...
If we were alone, forever...

Don't feel low to me
I know you see, I'm losing me
Why can't you see
Focus jarred, I can't go far
Unless you were chillin with me
If we were alone, left alone
If we were alone, if we were alone (yeah)

Eh, eh, eh, eh-eh, eh, eh, eh, eh
Eh, eh, eh, eh-eh, eh, eh, eh, eh
(Ooh... whoa)
