You stand alone, I share my thoughts
What you believe, is never lost
And all I want for you to say
Is that you're willing to
Make your way to me
Been in and out of love before
The only thing I could afford
Is you in my life, I'll tell you why

If I could speak in, an unexpected way
Would you know now and would you start with me?
Again... again, in love?

If we are close, then that's how you'll know
Won't turn away, walk away, here to stay
I'll give back your hope
When you've lost control
See better days, we'll walk away
You'll walk away, away in love...

Comes no surprise, for me to find
What we have, it is sublime
When will we get a say?
So many things to say to you
Been in and out of love before
The only thing I could afford
Is you in my life, I'll tell you why

If I could speak in, an unexpected way
Would you know now and would you start with me?
Again... again, in love?

If we are close, then that's how you'll know
Won't turn away, walk away, here to stay
I'll give back your hope
When you've lost control
See better days, we'll walk away
You'll walk away, away in love...

That's how it should be yeah
You're not alone, you're not afraid
In my arms, carried away...

I can't believe I couldn't stop to think
To tell you this before
But it seems that maybe
I am almost through that door

If we are close, then that's how you'll know
Won't turn away, walk away, here to stay
I'll give back your hope
When you've lost control
See better days, we'll walk away
You'll walk away, away in love...

Ooh yeah, oh ooh yeah
Won't walk away
You'll walk away yeah
Won't walk away
You'll walk away eeh yeah
In love...
