1, 2, uh 1, 2, 3 Go!

I'll find another street, another sign  
Took a few more steps to buy some time yeah  
I'll travel the world to get what's mine  
To find...

Amongst the parade, I found a child (ooh)  
And asked him if he found a familiar smile (ooh)  
Cuz both of us have been gone a while (ooh ooh)  
Trying to find...

Would I recognize a tear if it was my heart that bared  
The feelings that I claimed that weren't even there  
Dare I say that I'm lost in translation  
Should I say that I'm lost in translation  
Dare I say that I'm lost in translation  
Should I say that I'm lost in translation

I found another peak and another plane  
Should I journey to the clouds or watch it rain  
I know that if I get there, it'll never be the same  
If I find...

Tryna figure out if I'm afraid (ooh)  
So I wore another mask while I play charades (ooh)  
Hoping that I can take it off one day yeah  
If I find...

Would I recognize a tear if it was my heart that bared  
The feelings that I claimed that weren't even there  
Dare I say that I'm lost in translation  
Should I say that I'm lost in translation  
Dare I say that I'm lost in translation  
Should I say that I'm lost in translation

I think I've reached the top  
(I think I've reached the top)  
Or maybe just a pit stop  
Why can't everything be clear?  
Cuz this drop I fear

And it's destination

Would I recognize a tear if it was my heart that bared  
The feelings that I claimed that weren't even there  
Dare I say that I'm lost in translation  
Should I say that I'm lost in translation  
Dare I say that I'm lost in translation  
Should I say that I'm lost in translation
