Times like these I get a chance to it come together
I played my part, and looked and waited and now...
The changes of the Earth feel like a breeze
It comes and goes, comes and goes... yeah

Amazing is the change of mind
What do you got for me,
What do you got for me

Got something to say, well continue on your way
You've got to, got to, shout it out, shout it out
Nothing left for me so forever yours I'll be
It's time to, time to, shout it out, shout it out now
(Ooh)

Time, please spare me I'm going a little crazy now
(Crazy-crazy-crazy-crazy-crazy-crazy-crazy-crazy)
And that time I can't bare, I'm getting no ware
Would you help me
(No-no no-no no-no no-no)
Running shoes are burning and ooh my feet are
burning
But i- (must go- must go -must go -must go -must go -
must go -must go)

Amazing is the change of mind
What do you got for me,
What do you got for me

Got something to say, well continue on your way
You've got to, got to, shout it out, shout it out
Nothing left for me so forever yours I'll be
It's time to, time to, shout it out, shout it out now

So many ways, we could solve a problem
(Here or there, here or there)
Lonely? then fly away, here I can't say
Not no way... ooooooh...

Got something to say, well continue on your way
You've got to, got to, shout it out, shout it out
Nothing left for me so forever yours I'll be

It's time to, time to, shout it out, shout it out now

One way, one way...

Times like these I witness everything come together.
