Have it your way all this time now
It's a feeling that you want
So I'll give it away
Say goodbye now
You got what you came for
(For, for)

If you try, tell a lie
I will look into your eyes
And tell the truth for you
See it in your youth
What you do...
It is living proof
I can't lie (lie, lie)

Figured out you're so much talk now
Took a while just the simply know your name
(Oh, ooh) so much talking me out
What you gotta say now?
Cuz I won't believe it
I can't believe any word you say

Misplaced... and without a trace
Face it I know...
Oh ooh it got so old this far along
I'm suddenly so strong

If you try, tell a lie
I will look into your eyes
And tell the truth for you
See it in your youth
What you do...
It is living proof
I can't lie (lie, lie)

Figured out you're so much talk now
Took a while just the simply know your name
(Oh, ooh) so much talking me out
What you gotta say now?
Cuz I won't believe it
I can't believe any word you say

Said, you would oull me down
So close that I could lose my hope
(Hope, hope, hope...)
Slowly taking my time
Build this overnight
Left unbroken again
Start it over again

Figured out you're so much talk now
Took a while just the simply know your name
(Oh, ooh) so much talking me out
What you gotta say now?
Cuz I won't believe it
I can't believe any word you say

I just can't believe it...
Oh ooh...
