VERSE ONE:

I used to live out here, my life and limb together
I used to hang my head, and dream to make it better
If you could understand what's happening to me
Then I wouldn't need myself
To tell me it's not the same, oh no no---

CHORUS:

I don't want to lose, no baby
I don't want to find myself all by myself again
I don't want to lose your love, no---
I don't want to find out that there's nothing left to win

VERSE TWO:

Sometimes I feel like nothing's sinking in
I look around and have to ask you where I've been
Sometimes I think maybe it's time to take a chance
But I know you and I
Can reach the other side, oh yeah---

(repeat chorus)

'instrument break'

(repeat chorus)

If you see me on my own again sometime now, baby
Don't pass me by, oh yeah---
(repeat chorus x2)
