How do I open this door  
Keeping my straight face  
Right to the floor  
You've gotten old just  
Sitting in my pocket  
And i've been told it's  
Not worth the hassle  
That it takes to fight  
This losing battle  
Hanging my head in disgrace  
I'm better off walking away

I swear I'll get it back  
I know that I want that  
I know I'll get you back

All you thought to be  
Has gone to waste  
One to many prints  
On your face  
Just give me one more run  
Not about that anymore  
I'm holding onto what I've done  
I've got to let this ride  
If luck is on my side  
And what I have to lose  
Is barely a lie

I swear I'll get it back  
I know that I need that  
I know I'll get you back

I know what I need  
All it takes  
To get it back is  
Take it back  
What belongs to this  
Is that it's not gonna  
Be about that anymore  
This old weight holds me down  
Break me down  
See through the score

Alright  
I need wrong  
Busted  
Before the calm  
Trusted  
Well fuck this  
What for?  
I'll demand it

I'll get it back  
I know I want you back  
I'll get it back  
I know I need you back  
I'll get it back  
I know I love you, that  
I'll get it back  
I know I'll get it back
