"She Won't Be Lonely Too Long"

Somewhere there's a girl out there tonight
Heartbroken, and it's showin', a little less with every
glass of wine
It won't take too much time till she catches the eye
Of someone who she can talk to, to get that certain
someone off her mind

[Chorus:]

Yeah, she's had too many sleepless nights
With no one there to hold her tight
She's gettin' tired of lyin' there alone
Yeah, she's gonna cry a few more tears
But they're about to disappear
She's right there on the edge of movin' on
Yeah, she might be lonely, but she won't be lonely too
long

Somewhere there's a man out there tonight
Regrettin' ever lettin' a woman like her walk out of his
door
Knowin' if he'd only payed a little more attention,
maybe listened
She wouldn't need what she's out lookin' for

[Chorus:]

Yeah, she's had too many sleepless nights
With no one there to hold her tight
She's gettin' tired of lyin' there alone
Yeah, she's gonna cry a few more tears
But they're about to disappear
She's right there on the edge of movin' on
Yeah, she might be lonely, but she won't be lonely too
long

She's had too many sleepless nights
With no one there to hold her tight
She's gettin' tired of lyin' there alone
Yeah, she's gonna cry a few more tears
But they're about to disappear
She's right there on the edge of movin' on

Yeah, she might be lonely
She might be lonely
Oh, she might be lonely
But she won't be lonely too long
