She pulled her hair back to sun her shoulders  
Took the oil and rubbed it all over her soft skin  
Oh I'm a lucky man  
She wasn't wantin' any suntan lines so she  
Reached back and she untied that little string  
And then she smiled at me

And blew a kiss right off her fingertips  
I don't know what it is

But there's something about a woman  
Yeah some kind sweet little something  
That I may never understand  
Yeah some kind of gift they're given  
That makes this life worth livin'  
And it makes a man a man  
Oh there's nothing like that  
Somethin' about a woman

(Intro chords)

I sat there for a while and wondered  
And she took a nap there under that summer sky  
And then I realized

There are things in life that are meant to be  
Maybe left a mystery

Yeah like that something about a woman  
Yeah some kind sweet little something  
That I may never understand  
Yeah some kind of gift they're given  
That makes this life worth livin'  
And it makes a man a man  
Oh there's nothing like that  
Somethin' about a woman

(steel solo)

Yeah some kind of gift they're given  
That makes this life worth livin'  
And it makes a man a man

Oh I'm nothing without that  
Somethin' about a woman  
Oh about a woman
