A girl like you ain't a dime a dozen
A man like me knows that
One look in your eyes is like a one-way ticket
And I ain't comin' back

We could play it safe or we could ditch this place
Leave 'em all in the dust
Let's get off like the summer
Be my stone cold stunner
Hop on in the truck

Let's go, let's leave
There's a whole wide world for our eyes to see
Just roll with me
Cuz there ain't no doubt this is meant to be

I'll pick you up on the corner of Now and Never
We can run all the red lights down forever
Got the tank filled up with gasoline
And a surefire feeling 'bout you and me

Let's pick a road up off the highway
We can see how far it goes
Kick your seat on back and put your feet on the dash
We can turn on some rock and roll

We ain't got no destination
No place we've gotta be
Yeah I was thinkin' we could get off the map
Cmon get lost with me

Let's go, let's leave
There's a whole wide world for our eyes to see
Just roll with me
Cuz there ain't no doubt this is meant to be

I'll pick you up on the corner of Now and Never
We can run all the red lights down forever
Got the tank filled up with gasoline
And a surefire feeling 'bout you and me

Feelings ain't for thinkin' bout

But I think this feels right
This thing that we've got goin, babe
Could light the sky on fire

Let's go, let's leave
There's a whole wide world for our eyes to see
Just roll with me
Cuz there ain't no doubt this is meant to be

I'll pick you up on the corner of Now and Never
We can run all the red lights down forever
Got the tank filled up with gasoline
And a surefire feeling 'bout you and me
