#### Verse 1:

I'm sitting here with a drink in my hand  
Picturing a groom, a bride, a maid of honor and a best man.  
You treated me like dirt, that just came from the ground  
I thought that you were the one, the one that I have found  
And now our love is gone, because you made it that way  
And I forgave you too many times, it's nothing else to say  
People always say, that I'm too much of a fool  
Because I was stuck up with you  
I was so gullible, to think that you were cool  
I saw your true colors, right from the start  
I can't believe I fell in love with a girl, who knows how to break hearts

#### Chorus:

I've been a fool too long  
To be here with you  
I always thought you weren't cold  
But then, that wasn't true  
You left me here, on the ground  
I was lost, but not found  
You had me chasing cars  
And now I'm done, cause baby, you went too far

#### Verse 2:

I got your note, you'll never come back  
And you left me, just like that  
I've been hurt, and pushed back  
Broken bottles and Heineken caps.  
You'll regret this one day.  
But you'll don't have to remember me  
Cause I'll be long long gone  
And I'm just gonna let it be

#### Bridge:

I was there for you

And you just kicked me in the back  
Because of you my life is torn apart  
And I don't care, you'll never get it back  
Don't even bother coming back to me.  
Because you'll realize one day  
That I was too good for you  
You don't have to remember me.

Chorus:

I've been a fool too long  
To be here with you  
I always thought you weren't cold  
But then, that wasn't true  
You left me here, on the ground  
I was lost, but not found  
You had me chasing cars  
And now I'm done, cause baby, you went too far

Bridge 2:

What the hell was wrong with me  
For being with you  
I couldn't be so damn stupid  
I'm just a darn fool  
I don't want your apologies  
They don't mean a thing  
Oh yeah, while you're at it.  
You can take off that ring

Chorus:

I've been a fool too long  
To be here with you  
I always thought you weren't cold  
But then, that wasn't true  
You left me here, on the ground  
I was lost, but not found  
You had me chasing cars  
And now I'm done, cause baby, you went too far
