Jake:

I'm so hypnotized
I just can't get you out of my mind
I know it's all because of you
Sometimes I wish you would go away
But my conscience says to let you stay
This love might go to waste because you might just
leave me again

Chorus:

I just can't get you outta my mind
I knew you woulda left me behind
You got me so colorblind
Rain just stop and bring the sun
Cause I'm free and the only one
You got me colorblind for life...

Joe:

When I first met you
You were the love of my life
But you just flipped the script and said we were done
But after the storm you just said the word and tried to
comeback
You meant the most to me before but now baby you
already dumped me
I don't have much time for you so leave me alone I'm
fine

Nick Bridge 1:

Love is a game
When you love someone
I'm Never Over you
But you and I are
Having no fun
Remember the days when we used to have fun
It was just a high school crush
But I miss you so much
But I'll never take you back I'm colorblind

Chorus:

I just can't get you outta my mind
I knew you woulda left me behind

You got me so colorblind
Rain just stop and bring the sun
Cause I'm free and the only one
You got me colorblind for life...

Nick:
Sometimes I think about the days we've had
But most of all I'll never be with you anymore

Jake:
I Still love you
But hey, justice is done

Joe & Jake
When you see that I'm in love again Sorry My Ex
Girlfriend

Chorus:
I just can't get you outta my mind
I knew you woulda left me behind
You got me so colorblind
Rain just stop and bring the sun
Cause I'm free and the only one
You got me colorblind for life...
