Here in the midnight
Thinking about you
Watching a movie that reminds me of you...
Here in the midnight
Wondering when you'll come home

I'll never eat
I'll never sleep
Until I get my baby back again
You were my first lover
And my best friend.

Here in the midnight
Thinking about you
Missing the smell of your scent
Here in the midnight
Wondering when will you come back

I'll never smile
I'll stay sad for a while
Until I get you home right now
Cause it's not over
No standing ovation
No one takes a bow

I treated you good
Just like men should
And you had to do something else
I loved you so
Never let you go
And you left me right here in the cold

I'll never smile
I'll stay sad for a while
Until I get you home right now
Cause it's not over
No standing ovation
No one takes a bow
I'll never eat
I'll never sleep
Until I get my baby back again
You were my first lover

And my best friend.

My best friend

Oh you were my best friend...
