If I had one time to say that I still love you, I would but I
already said it was over. I'm leaving you today but I
should make a pact to be friends
I'll never forget the times that we had. I wish that we
can be together again
I'll never forget our relationship we said we'd stay
forever

But I'm in love with someone else
This girl is the one
She'll never leave me by myself
I'm here for you
No one will do
I'll be friends with you forever
But to tell you
I'm in love with someone else

I know it's not fair to you but I can't help now. What can I
do?
I'm so over it now so what would you do?
Our relationship wasn't right so this is to tell you

I'm in love with someone else
I know it isn't right
But I had to do what I had to do it
I don't know why
I'm forever with you
Even if were not together
I'm here for you
No matter the weather...
