I'm really getting tired of your ish  
You reated me like some cold and raw fish  
But if I only had one wish  
I would break up with no last kiss  
So tell me what you want  
Baby baby don't even try to front  
Just tel me what you want  
Or I am leaving

Leave  
I don't care  
Just leave  
I don't care  
It ain't fair  
But I won't stare  
So leave  
Don't come back  
You try to break me once  
No tears or tracks

I listen to my iPod thinking about you  
Thinking like what the hell  
Who am I going to choose  
It doesn't really matter if we both win or lose  
You gotta prove it!  
So tell me what you want  
Baby baby don't even try to front  
Just tel me what you want  
Or I am leaving

Leave  
I don't care  
Just leave  
I don't care  
It ain't fair  
But I won't stare  
So leave  
Don't come back  
You try to break me once  
No tears or tracks

You got me out of my mind  
And you wasted all my time  
From all the things you done to me  
I can say it in order from A-Z  
Don't leave until I'm done  
You think that you're the one  
Because this is no fun  
I can't take this no more

Leave  
I don't care  
Just leave  
I don't care  
It ain't fair  
But I won't stare  
So leave  
Don't come back  
You try to break me once  
No tears or tracks

Your fault  
Your fault 10x
