Rocking, I'm shouting
Thinking about how the days we've laughed
Baking, I'm shaking
Breaking all the rules that we had
But you're gone now
Part 2 of "Cold"
But let me take a bow
The end of the show

It was supposed to be...
Mars sticking with Venus
But then it ended up as Venus sticking with Jupiter
Then Jupiter stuck with Saturn
Who stuck with Uranus and Neptune and then The
Earth

Kissing, I'm missing
Wishing that you would've told me so
Falling, I'm calling
Walling the phones so I wouldn't have to pick up the
phone
But you're gone now
Part 2 of "Cold"
But let me take a bow

It's The end of the show
It was supposed to be...
Mars sticking with Venus
But then it ended up as Venus sticking with Jupiter
Then Jupiter stuck with Saturn
Who stuck with Uranus
And Neptune and then The Earth

It's to late to call back
You should have noticed that
Rain please go away
My heart won't let my love stay
But baby
But you're gone now
Part 2 of "Cold"
But let me take a bow
It's The end of the show

It was supposed to be...
Mars sticking with Venus
But then it ended up as Venus sticking with Jupiter
Then Jupiter stuck with Saturn
Who stuck with Uranus and Neptune and then The
Earth

I hope 24X
I hope you get delivered to the moon...
