The world isn't ready for me to come
My life isn't over
No I'm not ready to die
I'm almost out of breath
The lines are going dwn
People making unbroken silence
So tell me how can I survive
Without you in my life
Tell me how can I live?
It's my life with CPR
I don't need it no more
This is my legacy
I can't break that anymore
My pain is awfully weird
I don't even know who I am
But I Know that my life is with CPR
