Chapter One,

This love begins to be a romance  
On the script the love doesn't get a chance  
So this is to tell you that this is a goodbye  
This is my love song and I will not cry

Chorus

I never knew that this was over  
So I'm telling you right now  
So leave me alone  
And take all your vows  
Nobody wants a lover who doesn't want them  
My Love song isn't coming to an end

Chapter Two

The last chapter of the book  
Love begins to melt into the story of the brook  
Broken into pieces shattered on the floor  
Then this love just leaves out the door  
I'm not sad and I'm not mad  
I just hope that this will last  
So leave me alone

Chorus

I never knew that this was over  
So I'm telling you right now  
So leave me alone  
And take all your vows  
Nobody wants a lover who doesn't want them  
My Love song isn't coming to an end

Epilogue

We meet again  
We speak and say were just friends  
So lets make this right  
We're over  
Baby I need you more than being sober

Chorus

I never knew that this was over  
So I'm telling you right now  
So leave me alone

And take all your vows  
Nobody wants a lover who doesn't want them  
My Love song isn't coming to an end
