Do whatever and be whatever
I'm gonna stand right here
Because I'm running this town
And I don't need you now
Cause I'm so sincere
Don't even bother calling
I'm doing what's best for me
So baby what's going on
I'm being an human

You are so yesterday
This is so yesterday
That is so yesterday
When will I ever feel you babe
I can't take my love away
Can't take me away
Can't believe you hurt my love this way
When can I ever trust you babe

Suddenly I believe that yo and me
Should been together forever
But then you flip the script
Now your heart is ripped
Baby you must have tripped
When you fell in love with me
So baby Don't even bother calling
I'm doing what's best for me
So baby what's going on
I'm being an human

You are so yesterday
This is so yesterday
That is so yesterday
When will I ever feel you babe
I can't take my love away
Can't take me away
Can't believe you hurt my love this way
When can I ever trust you babe

You are so yesterday
This is so yesterday
That is so yesterday

When will I ever feel you babe
I can't take my love away
Can't take me away
Can't believe you hurt my love this way
When can I ever trust you babe
