I want that beat
Running down my veins all the way down to my feet
I want that rhythm
To make me go from sad to being so sweet
I've never felt like this before
Feel the power baby, feel the heat
Feel the temperature at the club and make your life
more easy

I feel that edge coming to me
Baby don't you feel it when you hear this beat
I know you want, I know you want me
So come here and let this edge come right to me

I feel it coming right now
I feel it coming to me babe
I feel it coming right now
Let the edge go within me babe

I want that feeling to come inside of me and throw the
pain away
I want that song to help me out and start a good brand
new day
I can feel the power baby, I can feel the heat
Feel the temperature at the club and make your life
more easy

I feel that edge coming to me
Baby don't you feel it when you hear this beat
I know you want, I know you want me
So come here and let this edge come right to me [2x]

I feel it coming right now
I feel it coming to me babe
I feel it coming right now
Let the edge go within me babe

Make my pain go away
Make my life so easy
To throw all of that sh*t away
And wake up to a brighter day

Feel the edge come into you
Feel the power go inside you
Don't let no one surround you
It's your life
Live your life the way you want to
Do what your mind tells you
Don't let it all get you
It's your life
It's your life
It's your life
It's your life
It's your life
Your life

I feel that edge coming to me
Baby don't you feel it when you hear this beat
I know you want, I know you want me
So come here and let this edge come right to me [2x]

I feel it coming right now
I feel it coming to me babe
I feel it coming right now
Let the edge go within me babe

I feel it coming right now
I feel it coming to me babe
I feel it coming right now
Let the edge go within me babe
