Roll the credits now
Then let's take a bow...

Girl kisses the boy and now they're together
Promises are made at the chapel forever
Only the sequel is gonna come soon
Wish it will hurry up
Because this is the last song.

Period. This may be the end
I can believe in you, Let's just be friends
Maybe so, We can make a prequel
But let's just start the sequel

Cause this is the end credits
Someone roll the cast.
Someone roll the crew.
Baby I think this is the last song
So can I get this over with
Right now...
All I know that this is the end...
