Oh This is where the magic happens without you  
Oh This is where the magic happens without you  
It seems like you're here for me  
And I can't let go  
But baby girl you know I love you  
But sooner you'll know  
But it's too late to do that  
You gave me a fallback  
And maybe we'll break up  
And then we will make up  
Oh this is where the magic happens without you  
Oh this is where the magic happens without you  
But I'm still in love  
It seems unpredictable because  
You want me back  
Ohh, this love is coming out of wack with you  
Don't beg me a thousand times  
I'm busy doing stuff and making rhymes  
But it's too late to do that  
You gave me a fallback  
And maybe we'll break up  
And then we will make up  
Oh this is where the magic happens without you  
But there's nothing else to do  
Oh this is where the magic happens without you  
But I'm still in love with you!  
Outro:  
Now it's over  
So over  
Now it's over  
So over  
So it's goodbye  
Bye bye girl  
Now it's goodbye bye bye
