Too obvious to...
Too obvious to...

You and me and the remedy
Babe you know it's killing me
Can't believe that you see
Of how you mean to most to me
And I see you looking at
Who you think you're looking at
All up on every day
This is why I scream

That's why I say

And It's too obvious to call my name
Babe you know want me
So what do I gotta say

Babe just let the guitar play
Cause now I feel like saying Ay
Maybe not, Maybe so
I just can't let you know or let u go
And I see you looking at
Who you think you're looking at
All up on every day
This is why I scream

That's why I say
And It's too obvious to call my name
Babe you know want me
So what do I gotta say

Calm down Let's rock down aeway right to real lock
So jealous of your talents
Can't believe you're going back in
What I gotta say is

That's why I say

And It's too obvious to call my name
Babe you know want me
So what do I gotta say
