OOh there's somethin' bout the skylight today
Something that makes me know everythin's gon' be ok
There's somethin' in the way that the clouds align
There's not a single moment I will pass by

The hour's now
The feeling's proud
The summertime
Shinin' through the crowd
We're holdin' time in our hands and it stops when we
say
We say
And we ain't stoppin' 'til the evening night

We gotta hold back the moon, don't let it come
Ain't stoppin' for no one
The day is young
Don't let them turn on the lights
Let us decide when they play that last song
The sun is done
When we break the sun

We break the sun
We break the sun
We break the sun
We break the sun

Verse 2

Ooh there somethin' on the surface right now
Somethin' the keeps me movin' diggin' deeper down
So I just let the moon pass us by
Because we have six more weeks until the summertime

The hour's now (ya dig)
The feeling's proud (ya dig)
The summertime (ya dig)
Shinin' through the crowd
We're holdin' time in our hands and it stops when we
say
And we ain't stopping 'til the morning light

We gotta hold back the moon

Don't let it come
Ain't stoppin' for no one
The sun is young
Don't let them turn on the lights
Let us decide when they play that last song
The sun is done
When we break the sun

We break the dawn (x8)

The nightlight scene never hurt nobody
And if the radio jockey decides there ain't no more
party
Cuz we're turnin when we're good and ready
We step outside
Til the nightrise
Wait up and let me...

We ain't goin' nowhere
'Til we good and ready
Ooooh, break the sun!

Chorus 2x
