You're stuck in with me
Too hard for you to see
How much you meant to me
Now I can't believe
All that you've done to me
Baby I thought that we
Maybe that we could be
But now it's kinda mean
For you to understand
Me...

So you can go ahead
Walk through the door
Cause now I just can't take this anymore
Keep me hanging on
Cause I want to be alone forever.
I remember the times when we were together
We promised that we'd never leave forever
Now you turn my smile into a frown
And turned my dream upside down

Baby you turned my life around
Then you turned me down
Can I just tell you now
Baby I just don't know how
Thanks for ruining my life
Thought you would be my wife
I'll never begin to say
It's you...

So you can go ahead
Walk through the door
Cause now I just can't take this anymore
Keep me hanging on
Cause I want to be alone forever.
I remember the times when we were together
We promised that we'd never leave forever
Now you turn my smile into a frown
And turned my dream upside down

I guess I told you wrong
But baby you did me wrong

And I can't sing this song
Without telling the truth
Too bad this song's for you
Cause I'm leaving you this time
Soon you'll lose your mind
Baby don't you start wasting my time...

So you can go ahead
Walk through the door
Cause now I just can't take this anymore
Keep me hanging on
Cause I want to be alone forever.
I remember the times when we were together
We promised that we'd never leave forever
Now you turn my smile into a frown
And turned my dream upside down
