Last night was a crazy night for me  
Can you see  
Now it's 7:00 am in the morning  
Feeling so cranky  
So so cold please give me a blankie  
Just kidding, I just wanna party all night all day  
With some girls and my friends  
This time this party will never end  
Oh yeah  
Oh yeah

It's week one for the party but the party's getting  
started  
It's no time to act retarded because it's time for the  
party  
Don't be tardy for the party cause the party's gonna be  
naughty  
Baby please come early or I'll be there in a hurry.

It's 5:15 in the morning  
The whole gangs asleep  
I tip toe outta there without making a peep  
It's Tuesday and I gotta go to work  
Gotta make it work  
Yeah gotta go to work  
This time this party's gonna be here by time I'm off of  
work  
Grab a couple of friends and some girls and some  
lends  
And all I need is a lover to be there  
Yeah  
Oh yeah

It's week one for the party but the party's getting  
started  
It's no time to act retarded because it's time for the  
party  
Don't be tardy for the party cause the party's gonna be  
naughty  
Baby please come early or I'll be there in a hurry.
