"Stare"

There's that stare again
Pushing over me
With all the words we cannot seem to speak
There's that stare again
Hit me with your eyes
The silence that I'm losing all of you

Did you move to the unknown
Or did I choose to let you go

You hurt yourself when you said you give, but all you
do is take
You hurt yourself when you said you were part of me
(yeah)
I tell myself that a promise can be just something to
say
You hurt yourself, but you were never part of me

There's that stare again
I just sleep alone
Cause I've given up on waiting to break your fall
There's that stare again
Another blind reply
When you said no, I never ask you why (Ask you why)

Did you move to the unknown
Or did I choose to let you go

You hurt yourself when you said you give, but all you
do is take
You hurt yourself when you said you were part of me
(Yeah)
I tell myself that a promise can be just something to
say
You hurt yourself, but you were never part of me

There's that stare again
Whoa

You hurt yourself when you said you give, but all you
do is take

You hurt yourself when you said you were part of me
(Yeah)
I tell myself that a promise can be just something to
say
You hurt yourself, but you were never part of me

Yeah yeah yeah yeah
