Ladies and gentlemen  
I introduce to you  
A mystery woman wanted in most western countries  
For driving thousands of miles into insanity  
The Filipino girl

I say rock  
You say woo-hoo  
Come on babe feel my soul  
Cos you look alright for a Filipino girl  
I say fuck  
You say no-ho  
Apocalypse babe will put up a show  
Let's think to tour then maybe you'll change your mind

I say the place where you wanna go  
Come on babe we're feeling the flow  
Shoot me up cos I'm ready to hit the four

I say rock  
You say woo-hoo  
Come on babe feel my soul  
Cos you look alright for a Filipino girl  
I say fuck  
You say no-o-o  
Apocalypse babe will put up a show  
Let's think to tour then maybe you'll change your mind
