We can afford
Our own concerts sell satisfaction
Just if we cover it up with fake modesty
We can afford
Our own concerts sell satisfaction
Just if we cover it up with fake modesty

And if we give something our disapproval
We are only stating our own greatness

Nobody wants to
Nobody wants to be friends
Nobody wants to
Nobody wants to be friends
Nobody wants to
Nobody wants to be friends with...
Nobody wants to
Nobody wants to be friends with schmuck rockstars

But nice guys guys don't play good music
Nice guys don't play good music

People
People is the synonym to all my problems
People
People, is the synonym to all to all to my problems
Her-, heroes that have never done any good deeds in
this world
Big, big shots that just can't afford their goddamn
attitudes
Big, big shots that just can't afford their goddamn
attitudes

Nobody wants to
Nobody wants to be friends with schmuck rockstars

But nice guys don't play good music
Nice guys don't play good music
