I NEED YOU (FOR SOMEONE) - Paul Weller
I need you to keep me straight
When the world don't seem so great
And it's hard enough you know
I need you to be around
When my conscience brings me down
And the world feels so obscure
I want you to be the one
Who tells me off when I do wrong
And you know I can be bad
I need you, I need you
Say you'll stay, make my day
Now what have I done?
Was it something I said? Oh dear
I need you to turn me off
When you think I've said enough
To the extent of being a bore
I need you to tell me no -
Slap my wrists and send me home
Tell me I can't come again
Now why are you crying?
Have I gone too far - again?
