Well, come on, pretty baby, you know what I like now
You're shakin' all over and it's feelin' alright now
Hey, you're rockin' and rollin' and I don't know what to
say
But daddy's little cat's gonna rock all day

Well, come on, pretty woman, you know what I mean
now
Just stopping what's gonna peep in
We're gon' fuckin' right to the end
The beat's just screamin' right through your head

You're shakin' my heart, you're shakin' my soul
I just go crazy when I rock 'n' roll
There you go, takin' my love from me
Hey, there you go, takin' my love from me

Drive you home, my country rose, now
Hold you tight, never let you go now
Kissin' and huggin' outside your door
Till your pa sees and want no more

Well, you're shakin' my heart, you shake my soul
Just go crazy when I rock 'n' roll, babe
There you go, takin' my love from me
Hey, there you go, takin' my love from me
