Angel cant you see the sun shine
On you today do you feel this way?
Angel isn't it a fine time
Love is here today
Just a kiss away
Angel can you see the morning
Darlin you today do you feel this way
Angel isn't it a bright time
Love is here to stay just a kiss away
Angel cant you see the sun shine
On you today do you feel this way?

Love is just a kiss away
Love is just a kiss away
Love is just a kiss away, kiss away, kiss away
Love is just a kiss away
Love is just a kiss away

Love is just a kiss away

Angel cant you see the sun shine
On you today do you feel this way?
Angel can you see the morning
Darlin you today do you feel this way?

Love is just a kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kiss away, kiss away, kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kiss away
Love is just a kiss
