"First Love Song"

You know it's all been said before
Melancholy words that fade with the morning sun
I always say that you're the one
Somehow I'm always left undone

Dreams are never like you think
'Cause dreams don't really know what it is you really
need
Love sees what you could never see
Now I see you
And I never knew
What love could do

CHORUS

This is my very first love song
I'm gonna sing it for you
This is my very first love song
I'm gonna sing it for you

I know that this is gonna last
No matter how the change may come I'll have you...
To lean on
I see it more each passing day
What we've become
How wonderful
To feel this love

CHORUS

I feel it in my soul
I know it's gonna grow
I feel it in my soul
I know it's gonna grow
I feel it in my soul

CHORUS
