A had a feelin' that you're holding my heart
And I know that it is true
You wouldn't let it be broken apart
'Cause it's much too dear to you

Forever we'll be together
No one can break us apart
For our love will truly be
A wonderful smile in your heart

When the night comes and I'm deep in your arms
How I feel so much more secure
You wouldn't let me close my eyes
So I can see you through and through

You're a sweet tender lover
We are so much in love
I'm not afraid when you're far away
Just give me a smile in your heart...

You brighten my day, you're showing me my direction
You're coming to me and giving me inspiration
How could I ask for more from you my dear
Maybe just a smile in your heart

I'm always dreamin' of being in love
But now I know that this is true
Since you came into my life
It's true love that I had found

I pray that you wouldn't leave me
Whatever may come along
But if you do, I would feel so bad
Just give me a smile in your heart...

You brighten my day, you're showing me my direction
You're coming to me and giving me inspiration
How could I ask for more from you my dear?
Maybe just a smile in your heart...
Maybe just a smile in your heart

You brighten my day, you're showing me my direction
You're coming to me and giving me inspiration
How could I ask for more from you my dear?
Maybe just a smile in your heart

Maybe just a smile in your heart...
