"Never thought the end would be like this
the endless love in my life is not what I expected.
She ran away from a feeling
but this feeling so hard to find

Bridge 1

Each night I cry myself asleep
Wondering why she's not next to me
Love is a wonderful thing
Why must I have this feeling

Chorus 1

Why did she leave my life
Why did she have other thoughts
There is nothing better than this feeling
But everytime we get too close
I tell myself: nothing's gonna happen

My love for her was like God to the world
and now I have is rain
And she gets the sun shine
Oh, baby we had a lovely time together
and now I miss her like crazy
That is why I'm writing her this letter

Bridge 2

Each night I cry myself asleep
She's not here kissing me tenderly
Love is a wonderful thing
That is why this song for her I sing

Chorus 2

Why did she leave my life
Why did she have other thoughts
There is nothing better than this feeling
But everytime we get too close
I tell myself: there is nothing gonna happen

Yeah, I miss you. Do you miss me too
You're so far away from me
But I have to climb that tree
and forget she's leaving my life

leaving my life, she's leaving my life

There is nothing better than this feeling
But everytime we get too close
I tell myself: nothing's gonna happen
No, no, no...nothing ohh
Why did she leave, my life"
