"Step Right Up"

Who am I
To ask from you
To leave it all behind
Who am I
Just a selfish guy
No one you should trust
CHORUS:
Step right up
Walk right in
Rock this crazy world i'm living in
If love ain't foolish
Nothing is
I'm dying for your kiss
Step right up
Walk right in
Walk all over me and set me free
Ah com'on
It's a shame
To let it go
We both know it's right
It's a shame
To let this be another waster night
CHORUS:
Step right up
Walk right in
Rock this crazy world i'm living in
If love ain't foolish
Nothing is
I'm dying for your kiss
Step right up
Walk right in
Walk all over me and set me free
Ah com'on
Earth shaking
Breath taking
Love making
Don't tell me no
Tell me that
Tell me baby
I'm checking in checking out
Baby i'm your man
CHORUS:

Step right up
Walk right in
Rock this crazy world i'm living in
If love ain't foolish
Nothing is
I'm dying for your kiss
Step right up
Walk right in
Walk all over me and set me free
Ah com'on
