Jamelia - Club Hoppin' Lyrics

Bubba SparXXX:

It is Bubb, get dis club,
Jumpin' in a frenzy, ain't it like that offends me,
Guzzle till it's empty, then break da bottle,
Things changed girl, I'm now dating models,
What can i say, she wanna play,
And her European sway, got me blown away,
From England all the way, on up to Copenhagen,
I'm wid Jamelia, and you know we misbehavin'

Verse 1- Jamelia:

Me and my crew, step in, look good,
High shoes, short dress, time to impress,
Over to the bar, get a vodka,
get it free cos i'm a superstar,
If you don't know what i'm here for,
Yo let me hit da dance floor, oh!

Chorus:

It's time to get some of these heads boppin'
Do a little bit a that showstoppin',
Get a couple bottle's a Moet poppin'
Tonight me and my girls be clubhoppin'
Got to get this party rockin' (WHAT?)
Before we turning in
We go club Hoppin,
Tell me do you wanna go club Hoppin

Verse 2:

Next joint, blazing, fella's amazing,
Got me open, i feel like i'm smoking,
Came to break it off
Temptation, wanna take it off,
Gonna lock da door, nobody goin' home
Now get up on the dance floor OH!

Chorus:

It's time to get some of these heads boppin'
Do a little bit a that showstoppin',
Get a couple bottle's a Moet poppin'

Tonight me and my girls be clubhoppin'
Got to get this party rockin' (WHAT?)
Before we turning in
We go club Hoppin,
Tell me do you wanna go club Hoppin

B-Section x2:

If there's someone here,
Who don't be feeling on this joint,
You don't know, you don't know,
You don't know, you don't know.

Bubba:

I know two Birminghams, one in Alabama,
One out there in England where it's krunk this evening,
On the other side of that great big pond,
You really think a Georgia boy can't get fun?
Love the way these beautiful,
Catty's shooting it at me,
Yeah babygirl long as you groovin' i'm happy,
It's Bubba SparXXX with capital triple X's,
Do ya thang Jamelia, I'm really feelin' ya!

Jamelia:

Attention people, clear the floor,
Me and my girls just entered the door,
I got champagne flowing like H2O,
And one hell of an entourage in tow,
A free for all, take your hand out your pocket,
Don't worry bout expenses, tongiht J's got it,
The place to be is anywhere you see me,
Look at the time oh shhhh.....

Chorus and adlibs to end
