We can be all cute, all sweet, and flirty, flirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Can be a princess for a night, real pirty, pirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Just when you thought it was safe and all prissy  
Jamelia, back in your face but more gritty  
Took tips from Diddy, switch my committee  
Now some a y'all can't believe, how raw is she?

Now I'm in the drivers seat getting ya dizzy  
Got ya tongue tied and ya eyes wide  
I even heard a bubbling up in ya inside  
When you swallowed ya pride

Truth can't be denied, I know you're probably expecting  
a ballad  
But I can kick a rhyme round like I'm tossing a salad  
Because this time round I be causing a hazard  
Like if I threw a house party up in Buckingham Palace

I know you're catching your breath  
On the floor, getting raw, 'cause it's hot to death  
I come to violate your space like you're under arrest  
And girls, what's a little bit of mud on ya dress?

We can be all cute, all sweet, and flirty, flirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Can be a princess for a night, real pirty, pirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

So, tell me why you're acting like you been KO-ed?

It's really not your fault  
You never thought that I could flow though  
Roll though, heat the place up like jalapeaos

Light up ya life like I was day glow  
I make you feel good like I was a gigolo  
Hypnotize ya eyes with my figure, yo  
Disbelieving people convinced I'm digital  
Ain't no shame, they just not familiar with original

Woah, ain't run of the mill  
Just one of a million styles  
That'll just kill you like Amytville  
Head down always writing, I'll be damned if I chill

While my names up in lights, and I'm topping the bill  
Ooh slow down girl, what you mean slow down?  
I'm on a roll now, my dirty-ism's outta control now  
I couldn't even tell myself to hold it down now

We can be all cute, all sweet, and flirty, flirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Can be a princess for a night, real pirty, pirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Never though something like this  
Would come your way, from J A M E L I A  
You don't want me to leave now, begging me to stay  
You love the way I got you bouncing all day

I know some of these girls wanna trip me up  
Wanna see me slip up 'cause their man wanna, me up  
Gripping his arm like you're holding him up  
Like that's gonna stop him wanting me so much

I'm like tips in his cup, look at you  
You need a couple nips and a tuck plus a comb and a  
brush  
You need someone to drag your ass home in a rush  
Standing up in here like you're looking so plush

Your mama shoulda named you what the, censored  
Okay, okay, alright, alright  
I got it man, you don't have to alert me  
There's times in my life when I just gotta get dirty

We can be all cute, all sweet, and flirty, flirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Can be a princess for a night, real pirty, pirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

We can be all cute, all sweet, and flirty, flirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Can be a princess for a night, real pirty, pirty  
But won't hesitate to get dirty, dirty  
Ain't nothing you can do when we decide  
It's about to get dirty

Flirty, flirty, dirty, dirty  
We decide, it's about to get dirty  
Pirty, pirty, dirty, dirty  
We decide, dirty
