"Do Me Right"

(feat. Afrika Bambaataa)

Game's on, start strong
Like you got the gift
Blanket on, fully formed
Can you handle it
I can see you sipping
While you're thinking so provocative
Slide over, uncover your wish

[BRIDGE:]

I'll be your coffee
I'll be your cream
I can be your dirty magazine
I can be your hottie
I'll show you things
That'll make you go, wanting some
When you've tasted me
Woo

[CHORUS:]

Well my honey's gone and got you now
You'd be wrong to turn me down, boy now
Bet ya money money I'm your type
Do me wrong
Do me right

Old kicks, new tricks
Baby show me yours
Get you high, get you fixed
On my candy store
Everything I'm packing is exactly what you're looking
for
Slide over, get under my skin

[BRIDGE:]

I can be your crazy
I can be your cool
I wanna be your nasty
You wanna be my fool
I can be your hottie

I'll show you things
That'll make you go, wanting some
When you've tasted me

[CHORUS:]

Well my honey's gone and got you now
You'd be wrong to turn me down, boy now
Bet ya money money I'm your type
Do me wrong
Do me right

My honey's gone and
My honey's gone and
Yeah, yeah
Ooh-woah-ooh-woah

Bounce bounce
Bounce bounce
Bounce bounce
Bounce bounce

Woo

[CHORUS:]

Well my honey's gone and got you now
You'd be wrong to turn me down, boy now
Bet ya money money I'm your type
Do me wrong
Do me right

Do me right
Ooh-woah-ooh-woah
Do me right
Ooh-woah-ooh-woah
Do me right
