[Verse 1:]

Any other day of the week  
You'd probably pass this girl in the street  
With my tracksuit on, and my Airforce Ones  
But you get a lot more than you see  
Cause I know that if I step up in the club  
I'll get your whole crew showing me love  
And they'll be trying to impress me  
Want to undress me  
Proove that you got the good stuff

Baby, just work it, the way that you do it  
You're making me move my body when you watch me  
I don't wanna stop the way that you move me  
You make me feel sexy, tonight we're gonna have a  
party  
All night long, forget about sitting at home

[Chorus:]

Cause when it comes to myself I lay low  
But on Saturday night we roll roll  
When we come to the club and you throw your hands  
up  
You're making my body go go  
Cause everyday life I'm so so  
But when the party is about to blow, blow  
And we come to the club, I'll be looking so hot  
I'm making your body go go

[Verse 2:]

And it feels all right  
We're gonna party in the middle of the night  
And we can roll with the ballers, don't care what they  
call us  
Cause we're all shot-callers, all right  
So just get into the music, it's not what you got, boy  
It's all how you use it, 'cause it ain't where you're from  
It's where you're at, could be a millionaire or just outta  
cash

Just work it, the way that you do it...

[Chorus]

All you people in the clubs  
Throw your hands up, show me love  
And it's all you gotta do, oh yeah, oh yeah  
All you people in the clubs  
Throw your hands up, give me love  
Like it's the last thing you do, oh yeah, oh yeah

[Rap:]

I said I like it when you work it, come on  
I said baby move your body, come on  
You're looking hot Mama, don't stop Mama  
I said I like it when you work it, come on

[Chorus out]
