"La La Love"

Tie all our memories on a string
I see them disperse in the wind
I thought I was so clear back then
Bout how much you meant
Meant everything

What makes three words so hard to say
What difference does admitting make
You walked and yet I could not speak
I wonder why, cause baby I

La la love you now with all my heart
That's all I've ever done
La la love you like I never before
Loved another man
And I should have said
Instead I'm here telling the moon
I la la love you
La la la
I know the hurt and anger
Make you play down the way we were
Like you're talking to a stranger
But it breaks my heart
It breaks my heart

'Cause by God I swear
My love went nowhere
It was always here
It's just I never told ya
But I failed to show
What you should have known, that I

[Chorus]

By God I swear
My love went nowhere
It was always here
It's just I never told ya
But I failed to show
What you should have known, I

[Chorus x2]
