[Rap:]

Its your favourite little miss
On top of dis ish
Showing you how its is
When you get your wish
Never knew that I could kick it
Demolishing the wicked
Didn't have to be paper for
Me to rip it
Displaying qualities that u never existed
Coming in from every corner
That'll get you twisted
Got u wide open
When i'm sining my song
5,4,3,2, nah there's only one

[Chorus:]

Only one girl can make a player not a play
And only one girl can make a bad boy stay
With only one girl the light you will see
But I bet you never knew that girl was me

I stepped into the room and I
Saw that look you can't deny it baby now
You've been took now honey it ain't all about
What I got cos I guarantee that sugar

I'll get you hot

[Chorus:]

Now I know that you're thinking about
How to get me u gotta know from the get go
It ain't gonna be easy
Gotta have everything I want and need
Oh yes you do
Cos I know for sure, I'm so damn sure
That I got that for you, cos there is

[Bridge:]

Take a stop and listen
Cos you will reminiscing
'Bout the way that I be getting you

The way my heat be sweating
I'm a limited edition
Never again will I be witnessed
And you gotta know you gotta
Yes you gotta know baby
One is all I want one is all I need
If you think you got what I want
What you waiting on come on
Now you realise there's only one

[Chorus: Adlibs to fade]
