I could talk to you for days  
You make me laugh one thousand ways  
And I realize, you fill me up  
Like hot water in my teacup

I'm enchanted by your smile  
I must admit it took a while  
For me to see that this was somethin'  
More than he's my friend, its nothin'

I hope to God you feel the way I feel  
'Cause this could be amazing  
Something so super real

There's something about you  
And you don't even know it  
I'm telling you now  
That you got me good

There's something about you  
And I can't help but show it  
Damn right  
You got me good

Now I'm not alone  
With you I'm whole  
I gotta let you know  
You got me good

Your style, your voice, your points of view  
The good, the bad and ugly too  
Boy, I'll take it, give it to me  
I'll be careful, give it to me

Addiction don't come close to this  
Official is what this sh\*\* is  
Still I can't say it  
No, I can't say that I'm in love

I hope to God you feel the way I feel  
'Cause this could be amazing  
Something so super real

There's something about you  
And you don't even know it  
I'm telling you now  
That you got me good

There's something about you  
And I can't help but show it  
Damn right  
You got me good

Now I'm not alone  
With you I'm whole  
I gotta let you know  
You got me good

I just wanna be your all and all  
I just wanna be the one to make you fall  
I wanna take you away, I want you to be for me  
I want you here with me forever, be my holiday, yeah

Oh yeah, let me take you away  
There's something about you

There's something about you  
And you don't even know it  
I'm telling you now  
That you got me good

There's something about you  
And I can't help but show it  
Damn right  
You got me good

Now I'm not alone  
With you I'm whole  
I gotta let you know  
You got me good

You got me  
You got me good
