All this frustration  
I can't meet all my desires  
Strange conversation  
Self-control has just expired  
All an illusion  
Only in my head you don't exist  
Who are you fooling  
Don't need a shrink but an exorcist

Show me the movie  
Of who you are and where you're from  
Born of frustration  
Caught up in the webs you've spun  
Where's the confusion  
A vision of what life is like  
Show me the movie  
That doesn't deal in black and white

Stop stop talking about who's to blame  
When all that counts is how to change  
Stop stop talking about who's to blame  
When all that counts is how to change

All this frustration  
All this frustration  
Who put brown owl eyes on a butterfly's wings  
All this frustration  
All this frustration  
Who gave the leopards spots and taught the birds to sing

Born of frustration  
Born of frustration

I'm living in the weirdest dream  
Where nothing is the way it seems  
Where no one's who they need to be  
Where nothing seems that real to me  
What can we build our lives upon  
No wall of stone, no solid ground  
The world is spinning endlessly

We're clinging to our own beliefs

Born of frustration

Born of frustration
