Slow down my brother  
Your life is passin fast  
Will you remember  
All these scenes that you've past  
So long so long  
So long so long  
Speedin past sunset  
Blurin from town to town  
Faces I forget  
Hotels look all the same  
Worn down a knuckle too far  
Worn down a knuckle too far  
So long so long  
Lost all your colors  
Now life's in black and white  
Steals from a movie

This life's a trick of the light  
Worn down a knuckle too far (X3)  
City of strangers  
You seem so tired to me  
Don't think I'll stay here  
You don't seem friendly  
I'll keep on movin  
Searching for peace of mind  
River's unwinding  
Maybe I'll find it this time  
So long so long  
So long so long  
so long
