I pretend that I know where I'm going
I pretend I know where I came from
Or the fear will engulf me completely
I chose to waltz this bridge of sighs

Act my age in an age of indifference
I'm as big as I can dream
I forget in the truth of my nature
I forget to forgive, so I look away

Look away
Look away
Look away
Look away

Look away
Look away

I can't stop, so I carry on
I don't trust God is on my side
Indirect as the gaze of a geisha
I'm still that lost and lonely child

Look away
Look away
Look away
Look away

Look away
Look away

All mirrors shattered
Poor plastic clown
All that really matters
You weren't in the building when the walls came
crashing down

All mirrors shattered
Poor plastic clown
All that really matters
You weren't in the building when the walls came
crashing down

All mirrors shattered
Poor plastic clown
All that really matters
