You were one  
One of the three  
One in three must find some peace  
You were one  
One of the three  
I need proof before belief  
Oh well, you just knew they'd come for you  
So it was suicide, suicide  
Oh well, you got just what you wanted  
I hope your satisfied  
One of the three (X4)  
You were one  
One of the three  
One in three must find some peace

Oh well I guess your not to blame for what they've done  
in your name  
In your name  
Oh well, it's a shame you got so famous just for a  
sacrafice  
One fo the three (X8)  
You were one  
One of the three  
One in three must find some peace  
Send forth your lamb to the slaughter  
Send forthyour lamb to the slaughter  
You send forthyour lamb to the slaughter  
You send forthyour lamb to the slaughter
