Send seasonal greetings from nowhere  
I'm working and playing away  
Remember the moment of leaving  
Yesterday, yesterday

Roll through these towns  
Over seas, over mountains  
Lucky to work  
When work is scarce

Father must feed  
Must provide  
He must fountain  
Left my heart within your care

Upside, love you  
Downside, miss you  
I'm here you are there

Upside, working  
Downside, hurting  
Hear my echo dancing bear

Connected to you by a mobile  
What I can't do, I can say  
Away from you, I'm feeling empty

I am raining, I am gray

Upside, love you  
Downside, miss you  
I'm here you are there

Upside, working  
Downside, hurting  
Hear my echo dancing bear

My work's about words  
And sounds you can taste  
Violins and trumpets  
Chocolate cakes

Here are some words  
Words you can taste  
Here are some words  
Kissing your face

Upside, love you  
Downside, miss you  
I'm here you are there

Upside, working  
Downside, hurting  
Hear my echo dancing bear
