This is not, this is not, a song  
This is a shield, this is a charm, with your name on  
By this beat, by this verse, I'm protected  
From your heat, and your curse, is reflected  
If anybody hurts me  
If anybody hurts me

Here's a mirror with your name on  
Singing we're gonna miss you when you're gone  
Here's a mirror with your name on  
Singing we're gonna miss you when you're gone

Your green eyes, poison pen, serpent's tongue  
Will return to the source that they came from  
Revenge is the wine  
Forgiveness is fine  
Forgiveness divine  
Revenge is more human

Here's a mirror with your name on  
Singing we're gonna miss you when you're gone  
Here's a mirror with your name on  
Singing we're gonna miss you when you're gone

No words, all's been said and done  
No more words, all's been said and done

Here's a mirror with your name on  
Singing we're gonna miss you when you're gone  
Here's a mirror with your name on  
Singing we're gonna miss you when you're gone  
Here's a mirror with your name on  
Singing we're gonna miss you when you're gone
