My heart goes out to you
My aching heart
Is searching for you
'Cuz I need you
Oh oh oh oh how I need you
And ohhohhoohhohh
I don't wanna have to wait
Any longer
I said I'm going away girl
I'm not getting stronger
Ohh how I need you
Ohh ohh oh

My aching heart
Needs some one to be with
My poor heart
Needs some one to stay with
The day and the night
The dark and the light
The wrong and the right
And ohhohhoohh
I don't wanna have to wait
'Til I'm too old
To find some one
To find some one
Just to hold
Ohh how I need you
Ohh ohh oh

How I need you
I want you (I want you)
I'm waiting (I'm waiting)
I'm wishing baby (I'm wishing honey)
I'm hoping (hoping)
Ohh I'm praying (Praying)
'Cuz I need you (I need you)
Oh I do girl (I do girl)
